Motor Movers

PROTOTYPE

Parent or carer user guide

Using the parent app at home, Motor Movers at Home if your child's school is not on Motor Movers, the parent course and paying online.

WHO THIS IS FOR

Everyone who uses the platform in this role. No technical knowledge needed.

ABOUT THESE SCREENS

A prototype in design, shown with demonstration data. Schools, people, children and figures are examples, and features and wording may change. Prepared November 2026.

PARENT OR CARER

What you can do

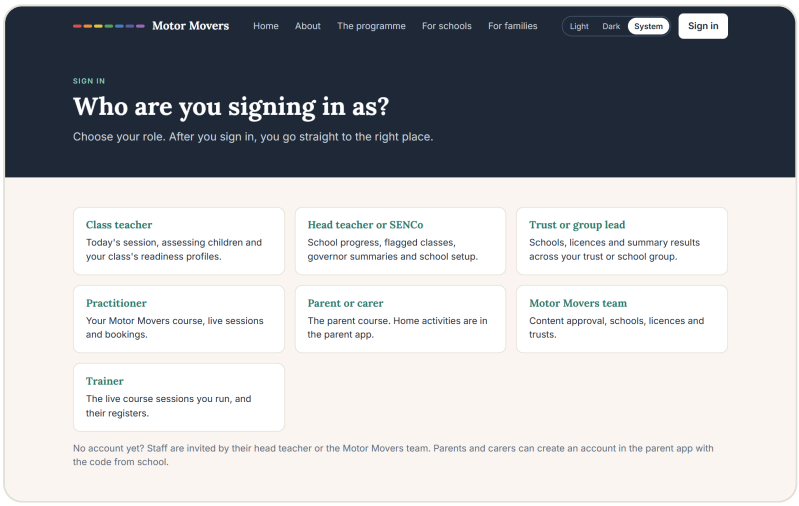

- Link your child with a code from their school, and follow how they are getting on.
- Do a short activity or session at home most days.
- No school on Motor Movers? Use Motor Movers at Home, in the app or on the website.
- Book and join the live parent course, and pay by card.

Getting started

Sign in

1. Go to the Motor Movers website and choose Sign in.
2. Choose your role, then enter your email address and password.
3. Choose Sign in. You go straight to your own home page.

Good to know: Staff and trainers are invited by email: the first time, use the link in the email to choose a password. Passwords need at least 10 characters.

Choosing your role on the website.

Reset a forgotten password

1. On the sign-in page, choose Forgot your password?
2. Enter your email address and choose Email me a link.
3. Open the email, follow the link and choose a new password. The link works once.

Change how the platform looks, and sign out

1. Use Light, Dark or System at the top of any page to change the colours. System follows your computer.
2. Choose Sign out at the top right when you have finished, especially on a shared computer.

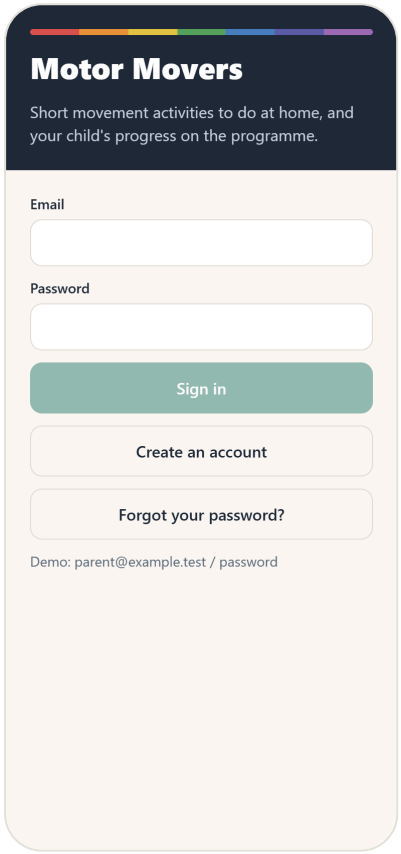

STEP BY STEP

How do I...?

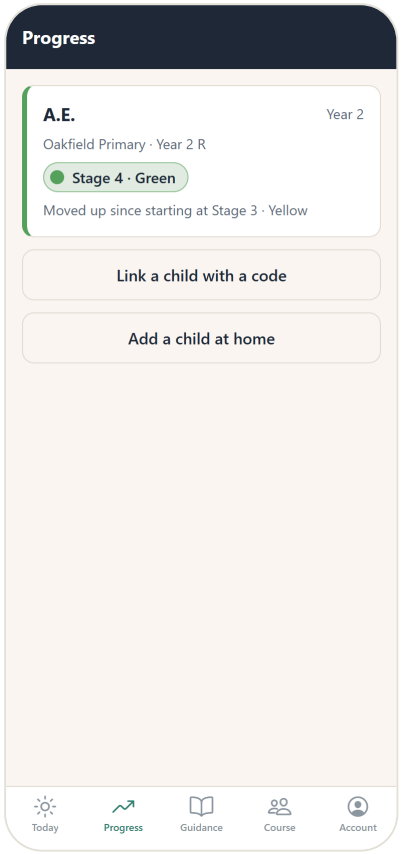

Link your child in the app

1. Ask your child's teacher for a parent code.
2. Sign in to the parent app, or create an account.
3. Choose I have a code, enter the parent code and choose Link my child.

Good to know: Each code works once. The school can remove your access at any time.

Signing in.

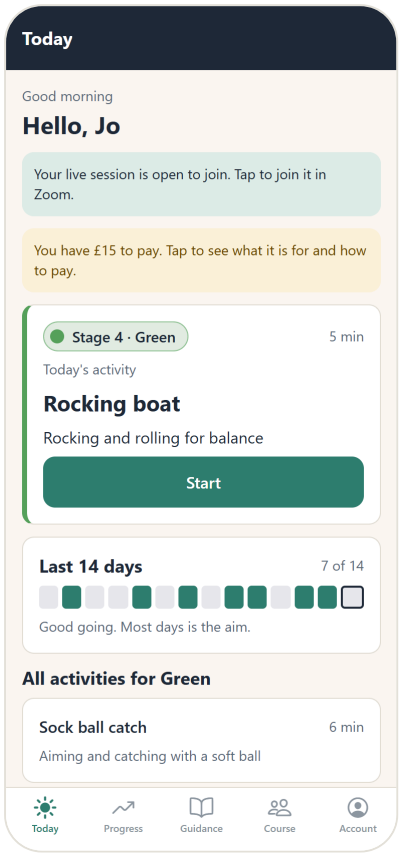

Your child, linked.

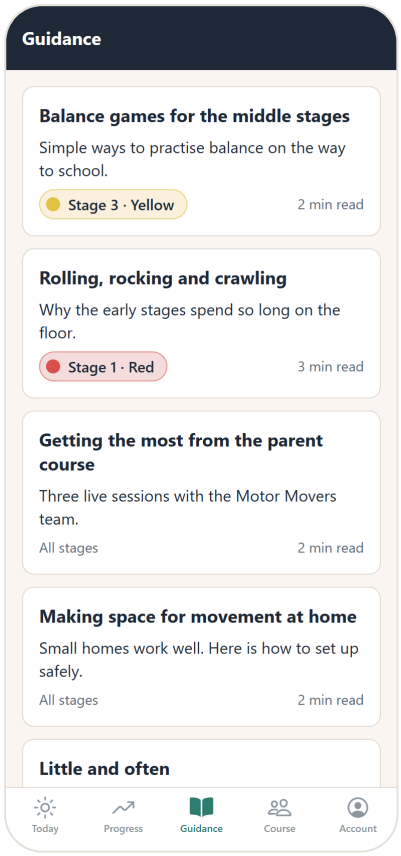

Do today's activity

1. Open the app on Today. It suggests a short activity for your child's stage.
2. Open it and follow the steps together, with the timer if you like.
3. Tap We did it. The 14-day tracker fills in.

Good to know: Little and often is what makes the difference: five minutes most days.

Today's activity.

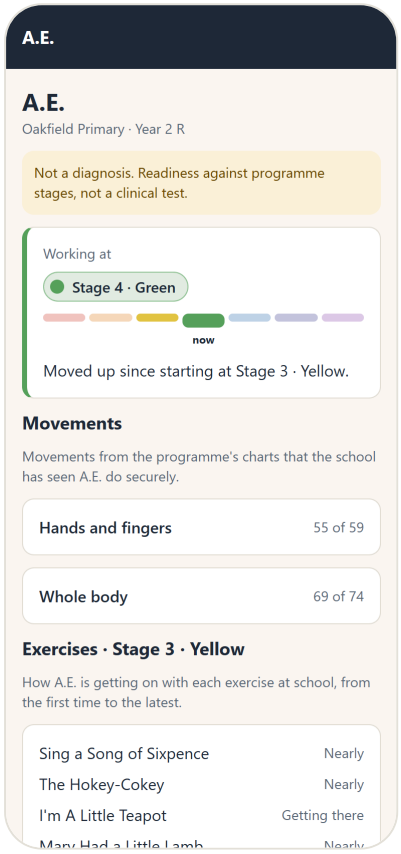

Guidance articles.

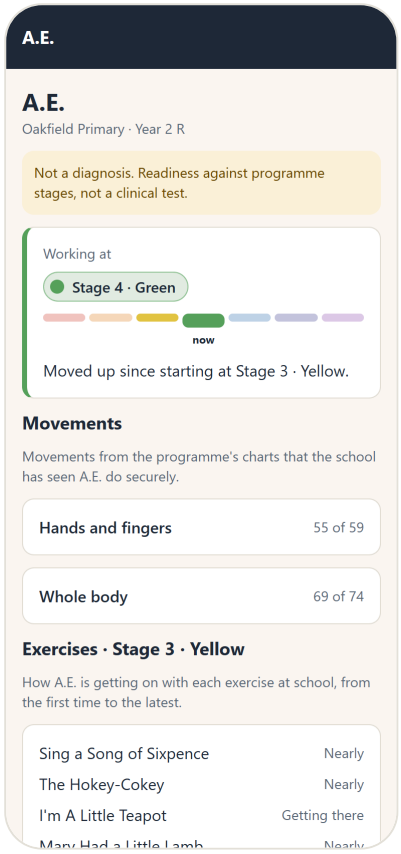

See how your child is getting on at school

1. Choose Progress, then your child.
2. Movements shows how many movements on the programme's two charts (hands and fingers, whole body) the school has seen your child do securely.
3. Exercises shows each exercise of your child's colour, from the first time to the latest: Not yet, Getting there, Nearly or Got it.

Good to know: These are not scores or comparisons with other children, and never a diagnosis. Your child's class teacher is the best person to talk to.

Your child's page.

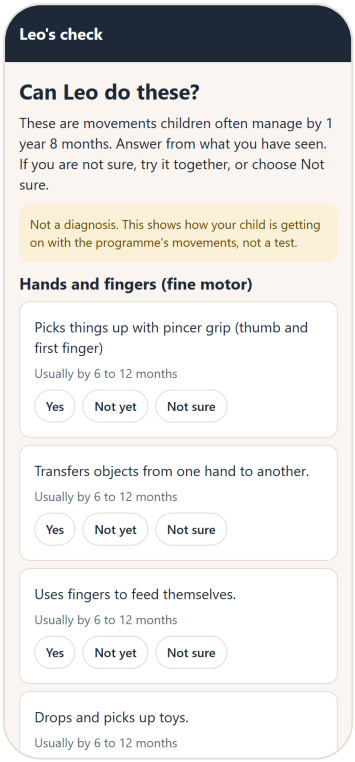

Exercises, in plain words.

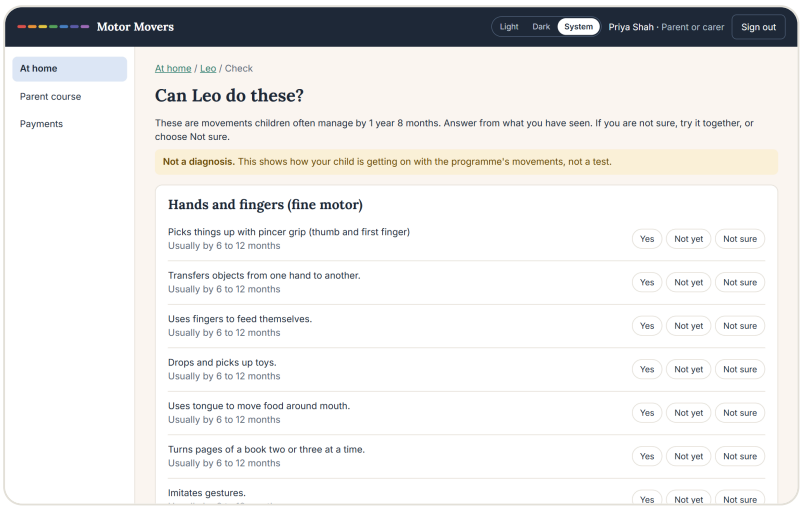

Start Motor Movers at Home (no school needed)

1. Create a parent account in the app, or on the website: choose For families, then Create a parent account.
2. Add your child: a first name or nickname and their age in years and months. In the app choose Add your child on Today; on the website, choose At home.
3. Do the short check: for each movement, choose Yes, Not yet or Not sure. Then choose Start with the suggested colour, or choose another.

Good to know: Only you, and anyone you invite, see your child. We never ask for a date of birth. The check is suggested again every three months.

The check in the app.

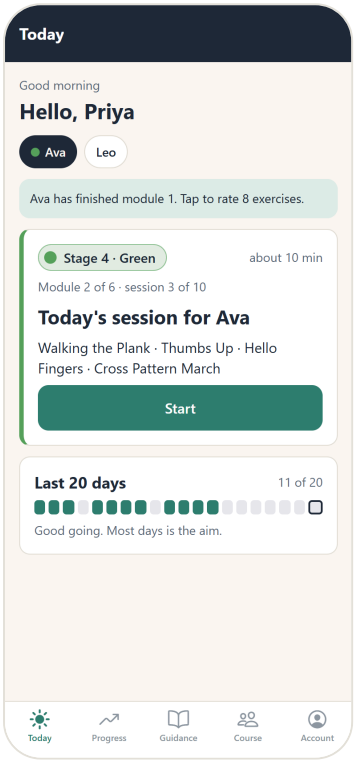

The same check on the website.

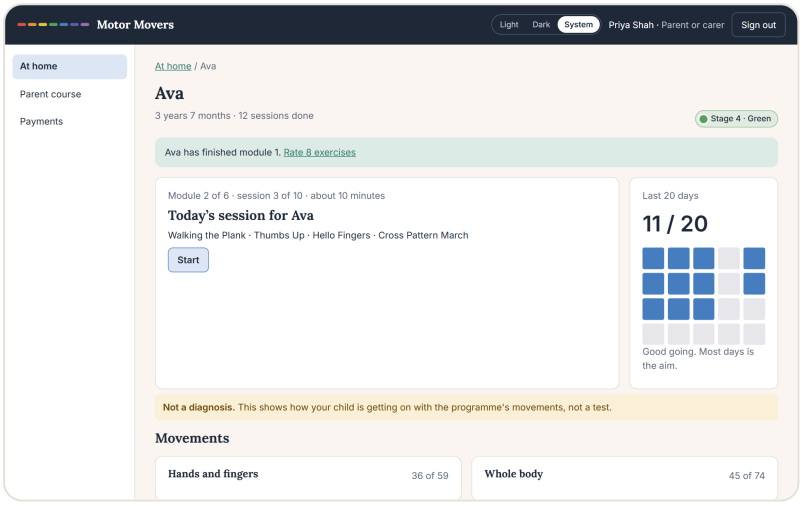

Do the daily home session

1. In the app, open Today. On the website, choose At home, then your child.
2. Choose Start and do the four exercises together, one at a time. Choose Next exercise after each.
3. Choose We did it. The first time your child does an exercise, choose how it went: Not yet, Getting there, Nearly or Got it.
4. At the end of each module (ten sessions), a reminder asks you to rate its exercises again, so you can see the progress.

Good to know: Little and often: about ten minutes most days. Choosing a rating shows what it looks like, so you can check.

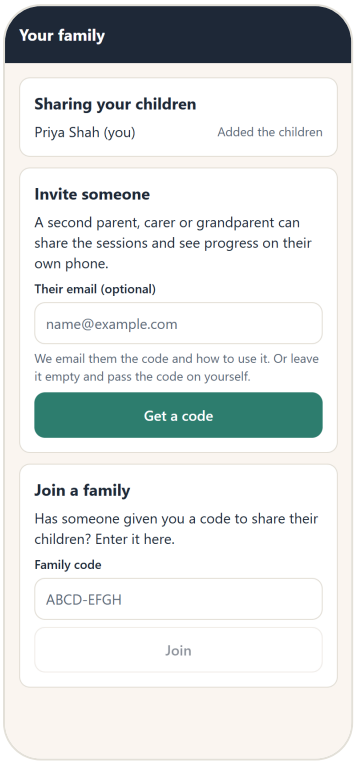

Today in the app.

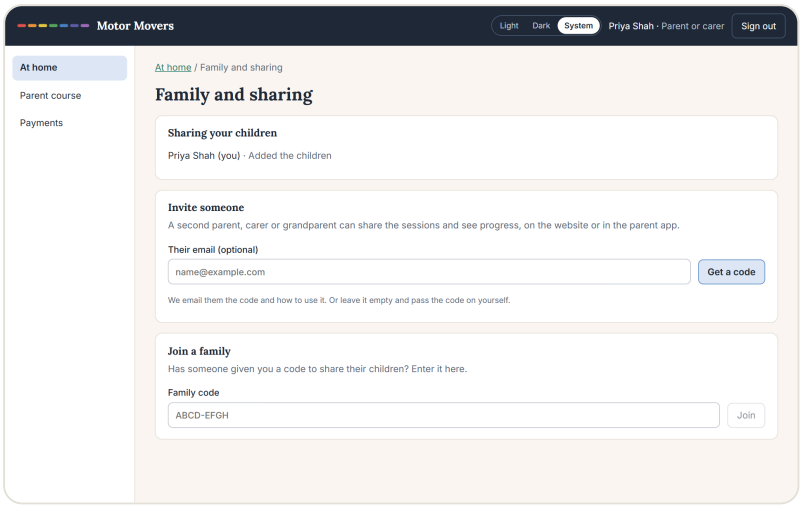

Your child's page on the website.

Share with another parent or carer

1. In the app choose Account, then Family and sharing. On the website choose At home, then Family and sharing.
2. Type their email address and choose Email a code, or choose Get a code and pass it on yourself.
3. They sign in (or create an account) and enter the code under Join a family. It works once, for 14 days.

Your family in the app.

Family and sharing on the website.

Link the school if it joins later

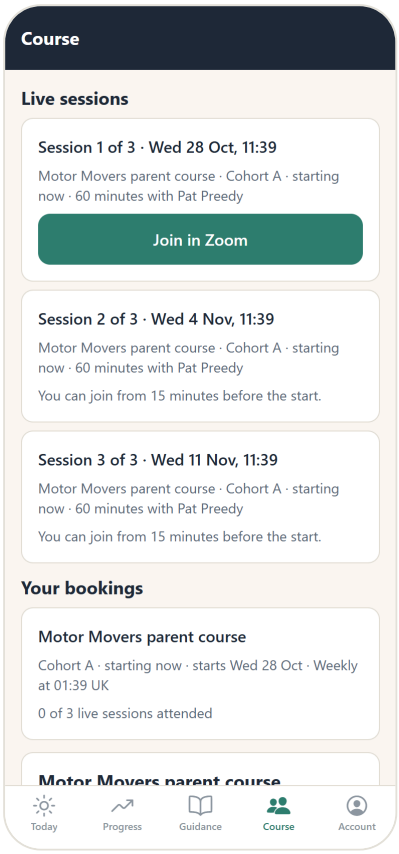

1. Ask the school for a parent code.
2. Open your child's page. In the app choose [name]'s school has joined Motor Movers; on the website it is under Settings.
3. Enter the code, agree to share what you recorded at home, and choose Link the school.

Good to know: The class teacher then sees what you recorded at home, and does the assessing from then on.

Book and join the parent course

1. Choose Course, find a group that suits you and choose Book a place.
2. Your live sessions are listed at the top. From 15 minutes before the start, choose Join in Zoom.
3. The meeting opens in the Zoom app (or Zoom's page offers it).

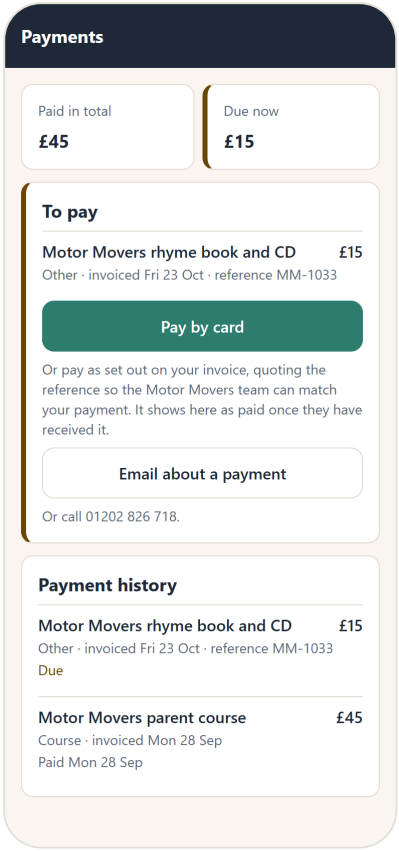

Good to know: Allow notifications when the app asks: it tells you when a session is about to start, and when a payment is due.

Live sessions in the app.

Pay by card

1. Choose Account, then Payment details and history (or tap the reminder on Today).
2. Choose Pay by card and pay on the payment provider's secure page.
3. Come back to the app and pull down to refresh: the payment shows as paid.

Payments, with Pay by card.

HELP

Questions and answers

My code does not work.

Each code works once and expires. Ask the teacher for a new one.

I am not getting notifications.

Allow notifications for Motor Movers in your phone's settings, then sign out and in again.

Can I use a computer instead?

Yes: sign in on the Motor Movers website to book the course, join sessions and pay. Motor Movers at Home works there too, under At home.

Does the school see what we do at home?

Not with Motor Movers at Home, unless you link the school. The home activities you record for a school child are yours too.

> Something else? Contact the Motor Movers team: the contact details are on the Motor Movers website.
